

Tunnels

Written by: Elise Johnson

Verse

Em C
I stood alone in dark
G
At the edge of the forest
D
“What strength is left,
Em
that I should still hope?”

C
It was not my strength, but Yours
G
The strength of You, Lord
D
My rock, my refuge
C
That gave me hope
To keep on

Chorus

G D
You kneeled with me
Em
In the dark of the tunnel
C
You gave me light
G
You made me light
D
You took my hand
Em
And reminded me how to love
C
You are the light
You made us the light
G
The light of the world

Bridge

Em
Who can decode a mind so twisted
C
Who can warm a heart that's gone cold
G
Who can mend a body so broken
D
Who could love this ghost of a soul?

Em
You who know my thoughts and my
calls
C
You who melted death's icy hold
G
You who broke his body for all
D G
You who made and longs for my soul!
